

06_matrix/infinite
_row.h

```
graph TD; A[06_matrix/infinite_row.h] --> B[vector]; A --> C[infinite_row.cpp];
```

The diagram illustrates the dependencies of the header file 06_matrix/infinite_row.h. It is represented as a box at the top with a grey background. Two blue arrows point downwards from this box to two other boxes below it. The left box, labeled 'vector', has a light grey background. The right box, labeled 'infinite_row.cpp', has a white background. The arrows indicate that the header file depends on both the vector library and its own implementation file.

vector

infinite_row.cpp
